

Butterflies

March 14, 2024-April 20, 2024
opening March 14, 6-8pm

What happens when we describe discomfort with beauty? The physical sensation, visualized by the frenetic fluttering of delicate wings, has been in my stomach for quite some time now. It's not solely worry— it's an anticipation, an eagerness, the thrill of a beginning.

David Peter Francis is pleased to present its inaugural exhibition, *Butterflies*. This multigenerational group of artists reflects the sensibility of the gallery, and introduces the direction of the program to come.
